

GET UP TO SPEED

Vemark's Asset Management Console (AMC) allows Banks, Insurance Companies and Fleet Managers the ability to manage their vehicles across multiple auctions. Vemark's AMC integrates seamlessly with Physical and Online Auctions (i.e.: SalvageNow and OVA)

The Fastest Way To Track Your Vehicles

- *Manage vehicle remarketing across all selling platforms:*
 - 1) *Whole Car Auctions*
 - 2) *Salvage Auctions*
 - 3) *Internet Sales*
- *Utilize work flow management to improve cycle times*
- *Add new sales channels instantly as the market changes*
- *Enhance management processes and reporting for all remarketing data from a single source*
- *Manage all vehicle documents from a single system:*
 - 1) *Titles*
 - 2) *Estimate/Condition Reports*
 - 3) *Sales Documents*
 - 4) *Photos*
- *Improve communication by easily accessing real-time information, reducing time consuming emails and telephone calls*
- *Integrate information from auctions and third-party vendors*
- *Integrate with or replace legacy internal management systems*
- *Manage exceptions via pre-set thresholds, shortening cycle times and saving dollars*
- *Perform tasks via the Internet, no matter where you are*
- *Standardize the entire remarketing process via a common interface, permitting cross-training and portability of tasks*
