## “Is online auctioning right for me?”

Vemark's SalvageNow was designed by auto dealers just like you who understand that you are in the business of cars, not computers. You can easily set special alerts so that you are automatically notified when a specific vehicle you are looking for is added to an auction. You'll see the site is extremely easy to use.

### Hear what some of our SalvageNow members have to say:

“I have been in this business for over 40 years and I am happy to say that I am one of the first members of SalvageNow since they started six years ago. It's a great way to buy cars. Everything I need is right here on my laptop.”

“I started buying vehicles online almost 3 years ago. Out of all of the auction sites out there, SalvageNow is the easiest to use. I'm not a computer expert, cars are my business, and SalvageNow knows how to keep things simple so I can get things done. Buying cars on SalvageNow gives me more time to be at my shop rebuilding cars.”

“A friend told us about SalvageNow a few years ago. Having never participated in an online auction before, we were a little skeptical about conducting business on the web. We learned quickly what our friend had been telling us: SalvageNow is a great way to find a large selection of salvage vehicles. The site is easy to use and I like the ability to purchase from a variety of leasing companies.”

**Kaye West, Co-owner**  
**Jerry West Used Cars**

“The main reason I buy cars on SalvageNow is to save time. SalvageNow has a large inventory of cars all in one place so have more time in my shop, where I need to be.”
